

HSEQ Integrated Management Policy

Superior Waste is committed to recognising our responsibility for sustainable development, operating in a manner designed to protect the Health and safety of all those associated with our business activities and to minimise adverse impacts on the environment whilst providing the highest level of service to our clients.

In order to achieve this we aim to:

- *Exceed expectations in service delivery by using a cost effective, value added approach while meeting contract specifications and delivering services on schedule.*
- *Reduce hazards and risks by complying with all applicable legal and other relevant compliance requirements which relate to quality, health and safety and the environment and publicising this to all staff and relevant contractors on a regular basis.*
- *Provide the resources and training to meet Quality, Health and Environmental objectives developed to support prevention of injury, prevention of pollution and continual improvement throughout the organisation.*

This policy is regularly reviewed to ensure its relevance, ongoing suitability and compliance with legislative requirements. All our employees are responsible for implementing, maintaining and promoting the policy within the organisation and to relevant contractors. This policy shall be made available for view by the public.
